This memorandum serves to notify Local WIC Agencies that federal law 7 CFR 246.14(e) allows State agencies to use funds collected through the recovery of local agency claims to cover allowable expenditures incurred during the fiscal year in which the initial obligation was made, the claim arose, the funds are collected, or after the funds are collected. The State agency may not credit recoveries of local agency claims until any review of the claim action requested in accordance with the local agency agreement has been completed.

If you have questions or concerns about this policy, please contact me at (907) 465-8636.
